

How much work have you done in CHM 201 so far to prepare for Exam 1? (Tues., 4/18!)

- A) I read chapter 1 and worked ALL of the suggested problems (text & online). I read chapter 2 and started doing those problems.
- B) I read chapter 1 and worked MOST of the suggested problems (text & online). I read chapter 2 but haven't tried the problems yet.
- C) I read chapter 1 and worked some of the suggested problems (text and/or online). I read chapter 2 but haven't tried any problems yet.
- D) I read chapter 1 and chapter 2. I looked up the answers to some of the problems in both chapters (text and/or online) and I knew I could do them.
- E) I've come to every lecture and have no trouble following along, but I haven't done much with the book or online problems yet.
